

# NOTE OF GRATITUDE

**A**s we proudly enter into our third year of operation, we continue to receive great support from the urological community — in Canada and abroad. We would like to extend our most sincere thanks and appreciation to our many peer-reviewers. Without their expertise, we would be unable to produce a high-end medical journal. The high standards set by *CUAJ* peer-reviewers ensure we produce timely and quality research.

We also send our thanks to the physician–scientists, medical researchers, clinical investigators and many other authors who submitted manuscripts for consideration for publication in *CUAJ*. We are grateful that you have entrusted your important work to *CUAJ*.

We also want to thank our corporate sponsors who have advertised in our journal and have supported *CUAJ*'s efforts.

## ***We look forward to a successful 2009!***
