UNIVERSITY OF
SASKATCHEWAN

The Opportunity

The Saskatchewan Transplant Program is mandated to procure organs and tissues for transplantation purposes.

The Kidney Transplant Program is dedicated to providing comprehensive evaluation and management of patients and transplants of approximately 40 kidneys annually. The Program is currently recruiting a transplant urologist. The successful applicant will be a Canadian-trained urologist with either training or experience in kidney transplantation. Basic immunology experience is an added advantage.

The Candidate

Candidates must be eligible for licensure in the Province of Saskatchewan and be certified or eligible for certification through the Royal College of Physicians and Surgeons of Canada.

The Region

Saskatoon Health Region is one of the most integrated and complex health delivery agencies in Canada. We are the largest health region in Saskatchewan serving more than 300,000 residents in over 100 cities, towns and rural municipalities. Saskatoon Health Region is the largest single employer in the province with 10,800 staff and 700 physicians across the Region providing a complete range of health services to residents of central and northern Saskatchewan. The City's three acute care hospitals; St. Paul's, City, and Royal University, comprise the tertiary teaching centre for the province.

The University

A publicly funded institution established in 1907, the University of Saskatchewan offers a full range of curricula, both academic and professional, with students registered in 13 colleges, including health sciences (medicine, nursing, dentistry, physiotherapy, pharmacy and nutrition, and kinesiology) and veterinary sciences.

To Apply:

All qualified candidates are encouraged to apply; however, Canadian and permanent residents will be given preference.

Dr. Kishore Visvanathan, Division Head
Department of Urology requests interested candidates forward their curriculum vitae by contacting:
